

Classification report

A heatmap visualization of a classification report. The y-axis is labeled 'Class' with values 0 and 1. The x-axis is labeled 'Metric' with values precision, recall, f1-score, and support. The cells are colored in shades of blue. The 'support' column has a darker blue background for class 0 and a lighter blue background for class 1. The other metrics (precision, recall, f1-score) have a uniform light blue background.

	precision	recall	f1-score	support
0	0.84	0.91	0.87	1e+03
1	0.71	0.56	0.62	4e+02
